FARS Child Protection Procedures for Licences

Dear All

I set out below the FARS current procedures for obtaining licences and renewal of licences. In the event that the ISA introduce a new system, this process will be reviewed to comply with mandatory legislation.

New Applications for FARS Licences

- Contact FARS office to request appropriate self declaration form and CRB form.
- Complete CRB form - Complete appropriate self declaration form return, along with completed CRB form to the FARS office accompanied with a cheque for £7.50 made out to Federation of Artistic Roller Skating along with all requested documentation as detailed in the 'An Applicant's Guide to Completing the CRB Application Form' and two photos.
- FARS office will then acknowledge receipt of these forms and then process.
- Upon receipt of cleared CRB the applicant must then arrange to attend a CPU Seminar. Cost of seminar is £10 per applicant. Contact the FARS office to request appropriate CPU Seminar booking form. Places are booked on receipt of appropriate form and full payment.
- Attendance at CPU Seminar is registered on the date of the event.
- Licences will then be issued to individuals on completion of the above process and will be valid for 3 years from the date of the CRB certificate.

Renewal Applications for FARS Licences

- The original FARS licence is granted for 3 years following a successful CRB check and attendance at a CPU Seminar.
- The licence can be renewed for a further 3 years without CRB check on completion of the necessary renewal form (and provided that FARS knows of no reason to withhold renewal).
- Renewals should be applied for no earlier than 3 months from the original licence expiry date.
- As part of this process you will be required to confirm you have read and understood relevant CPU updates. Confirmation of this is requested on the renewal form.
- Any change in personal details, such as name change due to marriage, should be advised on the renewal form and enclosed original documents must accompany this form.
- On the expiry of that licence (ie 6 years from the original CRB check), FARS can still renew the licence for a further 3 years at FARS discretion and confirmation that you have read and understood relevant CPU updates. Again, this renewal should be applied for no earlier than 3 months from the original licence expiry date.

If you have any questions regarding the above please contact the FARS office and we will be very happy to assist.

Kind Regards
Michelle Starns
